

NO CHILD SHOULD EVER BE FOR SALE

JOIN THE FIGHT TO END CHILD SLAVERY

World Vision

For Children. For Change. For Life.

There are 168 million children in the global workforce today; 85 million work in hazardous conditions. These children work in a wide range of sectors, including agriculture, manufacturing, construction and mining. This work is harmful for their

development and their future. **Canadians may unintentionally be supporting this exploitation through the products we buy.**

A critical step in addressing the worst forms of child labour is to know if any products sold in Canada might involve child labour, particularly hazardous labour.

Sign the petition and ask the Government of Canada to create legislation requiring large companies in Canada to publicly report on their efforts to monitor, address and prevent child labour in their supply chains on a yearly basis.
